

Kids room with Anemone fish

This section has a touch pool, a kid's room and feeding corner.

In the touch pool, there are various kinds of sea creatures, for example star fishes, sea cucumbers, and hermit crabs.

Your children and family will learn about sea creatures while playing in this area. You can rest and relax here as well.

How to touch sea creatures.

When you touch sea creatures, keep them in the water because they can only breathe in water.

In addition, please don't grab them and only touch softly and kindly.

After you touch them, wash your hands because your hands might be dirty.
